Re: Haul Roads

The Mathiowetz Construction Company along with Anderson Brothers are sending this letter of notification to inform you that we are planning on utilizing the following haul roads for the TH 371 Design Build relocation project as discussed during the onsite meeting held on 4/11/16. The bituminous for this project will be coming out of the Weiland Pit located on Wild Acres Road. Aggregate base for this project will be coming from the Ennega Pit located at the corner of Buschmann Road and Ranchette Drive, as well as the Bullard Pit located on 9<sup>th</sup> Ave SW (Sluetter Rd) The following roads will be utilized on the project:

Wild Acres Rd  
9<sup>th</sup> Ave SW (Sluetter Rd)  
Veterans Road  
Buschmann Rd  
Nelson Rd

Lower Cullen Rd  
Nisswa Ave  
Ranchette Drive  
Crow Wing County 11,16,112,145,168

As discussed, all haul roads will be videotaped and inspected prior to hauling. Mndots pave tech vehicle will be utilized to record existing conditions of the roads. This letter is our guarantee that the above listed haul road will be maintain during construction and we be left in a condition that is equal to or better then what they were prior to construction at no cost to the owner.

Please feel free to contact Dave Domm at Mathiowetz Construction 507-920-7080 or Mike Niemi at Anderson Brothers 218-820-9944 with any questions or concerns you may have.

Sincerely,

Dave Domm  
Project Manager  
Mathiowetz Construction Company

Mike Niemi  
Sr. VP of Operations  
Anderson Brothers
