

## **AGENDA ITEM #9.2**

# **REPORT TO CITY COUNCIL**

**Report Prepared by: Nancy Malecha**

---

**Date: February 29, 2016**

**Subject: Request to Purchase Tractor/Mower**

**Report:** At the February 2<sup>nd</sup> Council Meeting, the request to purchase a Challenger MT515E, four-wheel drive, tractor/mower was tabled to gather further information. Mike and I recently met with Council Member Pederson to address some of the concerns as noted below.

- The Challenger MT515E tractor/mower takes approximately nine months from order to delivery.
- The tractor/mower would be used to maintain the City's new irrigation field (50 acres), ditches (see areas in red on the attached map), and retention pond areas.
- The cost of contracting these services is approximately \$100,000 for 20 years and contracting has been inconsistent in meeting the City's needs of maintaining proper aesthetics and safety in these areas in the past.

- This equipment has the capability to push snow and blow snow into dump trucks with the purchase of additional components.
- This equipment can be stored in the City's existing garages.

Please remember that this item must be removed from the table prior to any motion or discussion by the Council.

**Council Action Requested:**

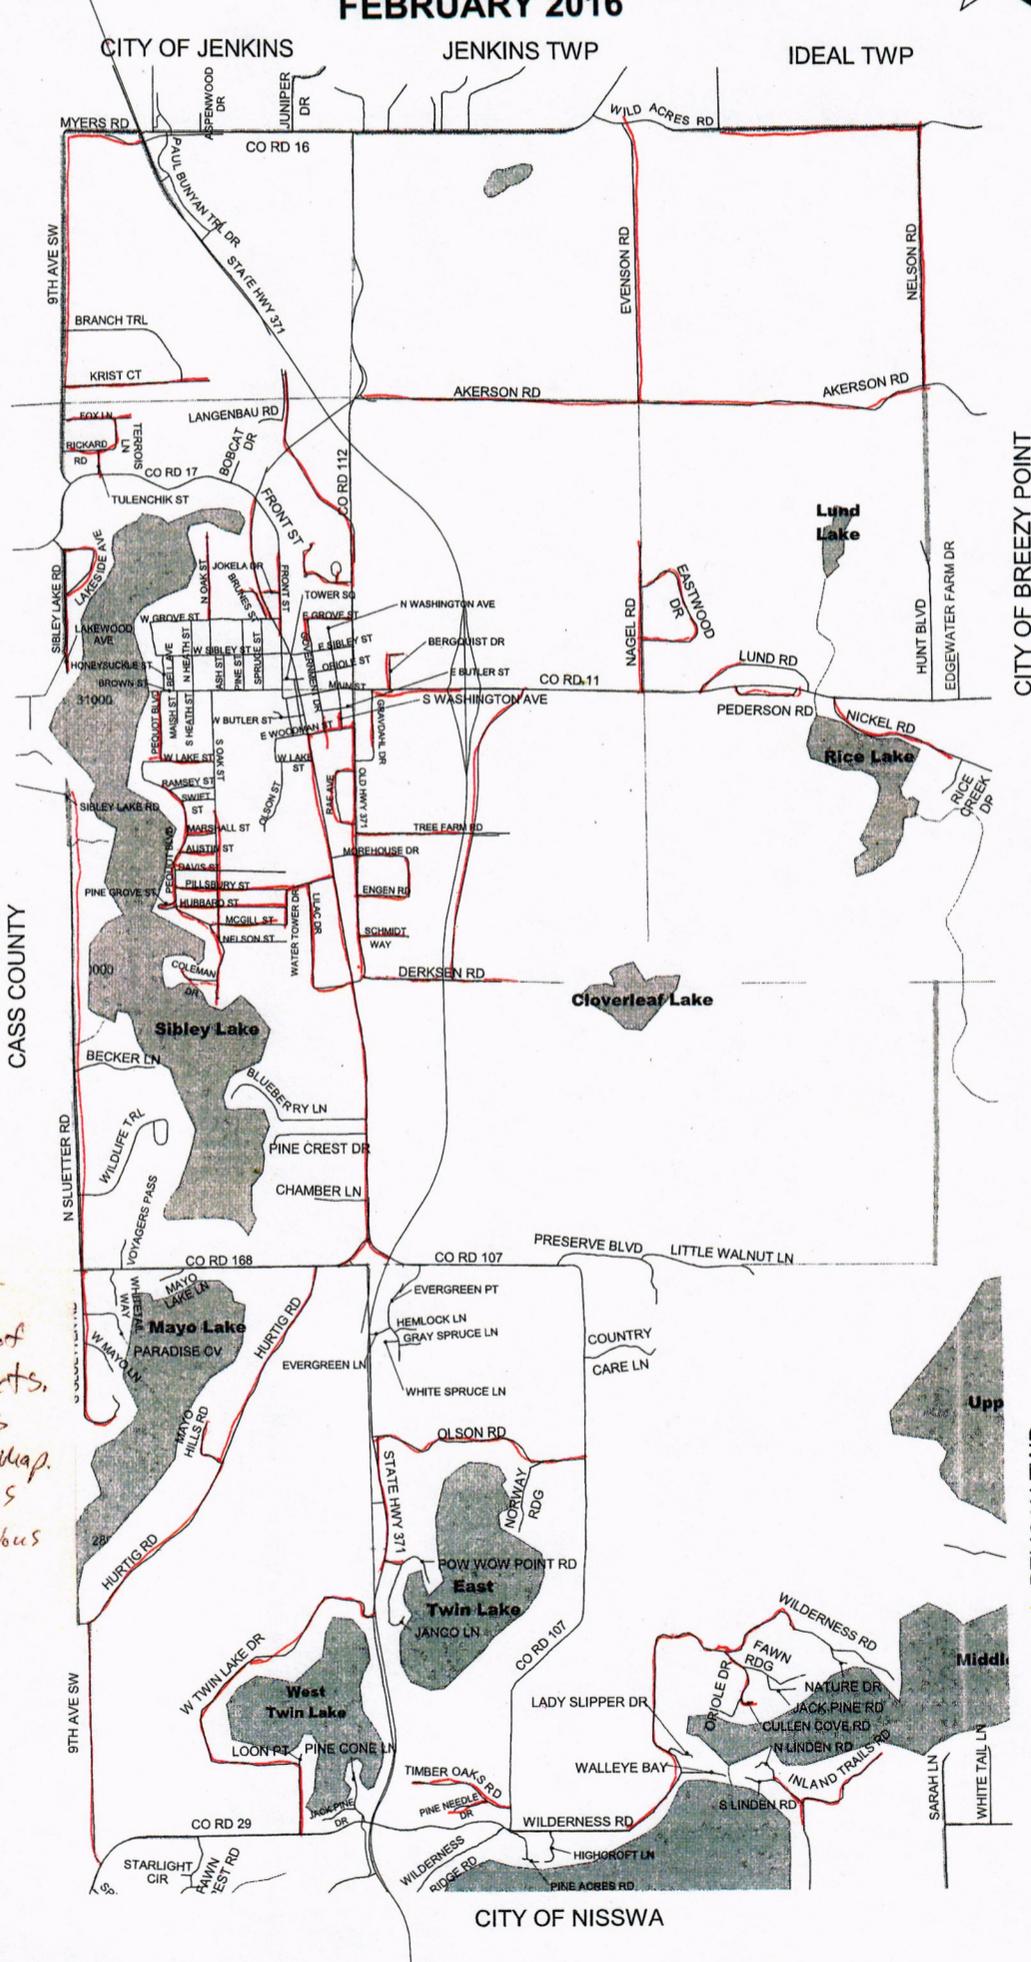

1. Council motion to remove this item from the table.
2. Council motion to approve the purchase of a Challenger MT515E tractor/mower from Ziegler CAT as part of the State Cooperative Purchasing Venture at a cost of \$139,589 to be paid from the Highway 371 Fund (\$60,000), the Roads and Streets Department of the General Fund (\$40,000), and the Sewer fund (\$39,589).

# City of Pequot Lakes

## CORRIDOR MOWING PLAN

### FEBRUARY 2016

*The City of Pequot mows all or parts of the red colored streets. The turnback roads are included in this map. Also parts of at times both new spray treatments sites north and south of Derksen Road*
