

AGENDA ITEM #9.5

REPORT TO CITY COUNCIL

Report Prepared by: Nancy Malecha

Date: February 29, 2016

Subject: Sibley Lake Park Playground

Report:

A. Accept and Assign Donation

The City will be receiving a donation from the Babinski Family for approximately \$50,000. The Babinski Family has stated that they wish the funds to be used to purchase playground equipment for the Sibley Lake Park.

B. Approve Playground Equipment Design

The Park Commission will be reviewing the proposed equipment design and layout of the playground at its March 10th meeting. Due to an equipment ordering deadline of March 28th for delivery by April 30th, we

are recommending that the Council approve said design contingent on the Park Commission's review of an overall site plan for Sibley Lake Park.

Council Action Requested:

1. Council motion accepting the \$50,000 donation from the Babinski Family and committing the money for the purchase of playground equipment for Sibley Lake Park.
2. Council motion approving the playground equipment design contingent on the Park Commission's review of an overall site plan for Sibley Lake Park.
