

NEW BUSINESS – CITY COUNCIL ORGANIZATIONAL GOALS

Agenda Item: 6 (a)

Background Information: The City Council held a Special Meeting January 28 to discuss organizational goals. Each department provided current, mid-range and long-range goals. A copy of the Goals Spreadsheet is included, as well as the draft Minutes.

The Planning Commission was charged with the following directives:

- Review the Future Land Use Map as it relates to the realignment of TH 371; and
- Provide designated off-site parking for vendors and other support personnel during downtown festivals and gatherings so that the public space is not cluttered with vehicles and parking is available for patrons and visitors.

The City Engineer is preparing a map that includes our current Future Land Use Map and the new alignment of TH 371 to use in our discussions.

Zoning Specialist Bittner is meeting with the Chamber Director regarding parking.

These items will appear on upcoming Agendas as information is collected.
