Unnamed	

Commented [JF1]: We don't see a listed "Mayor Creek" for City of Pequot Lakes. However, there is a "Mayo Brook" that runs through Sibley Lake, etc.

Commented [JF2]: Our records indicate that there is no "Unnamed" river segment within the City of Pequot Lakes. Actually, this segment is part of Mayo Creek, which runs from Cass County (boundary) to Sibley Lake, then down to Mayo Lake, then down to Nisswa Lake.
