Jason

Please find the following estimate for door replacement with automatic door opener, 2 push pads and 1 ballard post. We will provide the activation from push pads to operator as radio controlled. We will remove existing door and prep frame to except new door. We have everything include except final keying.

New door \$2500.00
 Automatic & 2 wall switches \$2250.00
 Ballard post \$450.00

120 power would have to be by others, not sure whom you would like to use. Typically if you want us to cordinate and line up electrician, you can add a allowance of \$750.00 on top of above prices for the wiring and hook up.

Thank you for the opprotunity to quote your project, with your support we can continue to give back to the community.

We're Lakes Proud!
 Nathan Tuomi

VOID AFTER 60 DAYS

**Thank You for the opportunity to quote this job.
 We sincerely appreciate your business and want to serve you.**
