Dawn,

Please see the following response from the DNR on the Vets Memorial walking path options. Please add this to the next Park Commission agenda and invite Jack as well to determine a solution. You, Jason, and I will want to meet prior to the Park Commission's meeting to determine what our recommendation will be. Please schedule this as well.

Thanks,

Hi Nancy,

My recommendation would be for the City to connect the city walk way to the city trail. If there is not a possible way to do that then please explain to me and we can discuss. Sorry this response is tardy. Below are some options to consider. Thank you.

Hi Wade,

The City and our American Legion are proposing to improve a walkway leading to our Veterans Memorial in Trailside Park. We are hoping to straighten and expand the walkway to connect to the Paul Bunyan Trail as noted on the attached maps as the red outline. Could we enter into an agreement with the DNR for this or can we amend our existing agreement to include this? I am sorry that this wasn't included in our earlier agreement but the plans recently changed. Let me know.

Thanks,
