Re: Art in the Park

Attached are the photos of the current Art in the Park with notations.

Pictures are in order of starting by the playground and working down to the flags.

I spoke with Dan Devine about artwork installed in June. (320-438-0234) I don't have his email, but he is an art teacher with the district and has a FB page he can messaged to called Devine Ink.

We discussed the waivers that need to be signed. He did not have any. I delivered 10 copies to school for him and asked they get filled out and returned to the City.

The waivers clearly state Student Artwork; Dawn was going to investigate discussions from the start of the Art in the Park project for more information.

I have not addressed Thomas Jungels (Red Ruby Art Gallery and Gifts) artwork in the park.

Dan Devine is not the Art Director, Todd Knutson is, I believe he was new last year. Dan is assisting him get "up to speed" with projects such as this.
