

AGENDA ITEM #7.2

REPORT TO CITY COUNCIL

Report Prepared by: Pequot Lakes Fire Department

Date: December 3, 2019

Subject: Keep the Wreath Red Project

Report: The Pequot Lakes Fire Department will be participating in the “Keep the Wreath Red” Project. With this Project, participating fire departments display a holiday wreath, large enough to be seen by passersby or vehicle traffic, and decorated in all red holiday lights. The wreath is put up at Thanksgiving and taken down in January. Whenever the Fire Department receives a call, they replace one of the red bulbs with a white bulb. This Project is a way to help maintain holiday safety with the presence of this visible reminder of calls. Also, we will work with the local press to inform the public of the significance of this wreath which will be located by the fire bell at City Hall.

Council Action Requested: No Council action requested.
