

AGENDA ITEM #9.3

REPORT TO CITY COUNCIL

Report Prepared by: Nancy Malecha

Date: January 8, 2019

Subject: Highway 371/County Road 29 Intersection Update

Report: At the November 14, 2018 City Council Meeting, the Council heard from concerned citizens regarding safety concerns at the Highway 371/County Road 29 intersection. The Council requested that MnDOT look into this issue further and report back within the next month.

To date, I received the following e-mail message from Ken Hansen at MnDOT.

*From: Hansen, Kenneth (DOT) [mailto:kenneth.hansen@state.mn.us]

Subject: RE: Safety Issues at the 371/Cty29 - Wilderness Road Intersection*

Hi Nancy,

I've been in contact with Crow Wing County about TH 371 at CR 29/Wilderness. In the next week or two, we are going to measure the sight distance and verify correct placement of the stop bars. With this data I will update my evaluation of the intersection.

I wanted to let you know that we are still looking at this intersection.

Thank you,

*Ken
