

AGENDA ITEM #9.3

REPORT TO CITY COUNCIL

Report Prepared by: Jason Gorr – Public Works Director

Date: May 7, 2019

Subject: Public Works Facility Update

Report: The City has discussed drainage/stormwater storage topics with Widseth Smith Nolting (WSN) and an area contractor to attempt to resolve a melting/runoff issue noticed this spring prior to any seeding occurring. A seeding vendor was approached to get recommendations on how to proceed and to provide outside discussion of proper techniques and expectations. The seeding and resulting lawn development/drainage goals were summarized onsite with WSN.

Council Action Requested: No Council action requested.
