

**AGENDA ITEM # 9.5**

**REPORT TO CITY COUNCIL**

**Report Prepared by: Jason Gorr – Public Works Director**

---

**Date:** March 5, 2020

**Subject:** Request to Purchase Skid Steer Attachments

**Report:** This year the Public Works Department's purchase of the new pay loader and subsequent trade in of the John Deere tractor backhoe will be completed in March. To keep all the same functionality and capabilities, we would like to purchase 2 attachments for our Skid Steer – 1) 72" Grapple Bucket and 2) 48" Pallet Forks. These equipment attachments would allow us to continue to have the capability to unload and move palletized shipments for the City departments (Forks) and aid in tree, brush, and rock clearance/transport (Grapple Bucket).

I received the following three quotes for this equipment.

- McCoy Construction Forestry - \$4,611.35
- Skid Pro Attachments - \$3,669.00
- Ziegler CAT - \$4,640.00

I am requesting authorization to purchase the two Skid Steer attachments from Skid Pro Attachments for \$3,669 to be paid from remaining funds in the GO Equipment Certificate 2014A Fund.

**Council Action Requested:** Council motion authorizing the purchase of a grapple bucket and pallet forks for the Public Works Department's Skid Steer from Skid Pro Attachments at a cost of \$3,669 to be paid from the GO Equipment Certificate 2014A Fund.
