

AGENDA ITEM #10.1.A

REPORT TO CITY COUNCIL

Report Prepared by: Nancy Malecha

Date: May 5, 2020

Subject: COVID-19 Pandemic Relief Considerations – Utility Billing Fees

Report: In an effort to provide the City Council with relief considerations for our community during the COVID-19 pandemic, I am suggesting the Council consider waiving the late fees for utility billing customers for the months of March, April, May, and June of 2020. The total late fees amount for March was \$317.50; therefore, for the four month period noted above the estimated relief amount would be \$1,270.

Council Action Requested: Council motion waiving the late fees for utility billing customers for the months of March, April, May, and June of 2020 in the estimated amount of \$1,270 due to the COVID-19 pandemic.
