

AGENDA ITEM #10.4.B

REPORT TO CITY COUNCIL

Report Prepared by: Nancy Malecha

Date: May 7, 2019

Subject: Community Action of Pequot Lakes – Selfie Bobber Tower Request

Report: Community Action requests to construct and place a permanent nine foot selfie bobber water tower structure between the sidewalk and parking lot on the west side of the Cole Memorial Building. Attached is an e-mail from Community Action Chair, Barb Merritt, as well as a sketch of the proposed structure.

The Public Works Department and the Planning & Zoning Department have no concerns with this request.

Council Action Requested: Council motion allowing a selfie bobber water tower structure be erected between the sidewalk and parking lot on the west side of the Cole Memorial Building by Community Action of Pequot Lakes and maintained by Community Action.

Subject: CAPL - Bobber Selfie Tower

Nancy,

Community Action of Pequot Lakes would like to pay to have a selfie Bobber Tower made and permanently installed on Front Street in Pequot Lakes. We would like this to be located between the sidewalk and parking lot of the Cole Building. The legs would be 6' and the Bobber 3'. This permanent structure would be of mini golf course quality and maintained by Community Action of Pequot Lakes. We will, of course, would like Jason's opinion on the placement when ready.

If you could add this to the agenda, I would appreciate it.

Thanks

Barb
