Subject: Upcoming Broadband Conference - Oct 8-10

Hello All,

Please share with your council, staff and anyone else you think would be interested in attending.

We have been asked to share with you the upcoming broadband conference Oct 8-10 at Grand View Lodge in Nisswa. Specifically, we hope you can attend John Jung's workshop on the ICF model on first day of the conference - Oct 8th. The session is targeted for community broadband and economic development champions (mayors, township officials, chamber leaders, city staff, and economic development professionals.) There is a registration option for attendees who cannot attend the full three-day conference. This special registration is for Day One of the conference: participants will hear John's keynote presentation, have lunch, and John's two-hour Intelligent Community workshop in the afternoon. This registration fee is \$35.00.

We'd love to see a good turnout for the workshop with John.

Here's a link to the conference webpage and registration: <https://blandinfoundation.org/news-room/events/innovation-putting-broadband-to-work/>.

Thank you!
