

NEW BUSINESS – MEETING DAY CHANGE

Agenda Item: 5.4

Background Information: The City Council is looking at making some changes to the regular schedule of meetings to accommodate for some city needs and changes, as well as to streamline operations and such for city staff. We are exploring the idea of all city meetings taking place on MONDAY's to create a consistent and streamlined schedule. We would like to explore the idea of having Planning Commission meetings on the FOURTH Monday at 6:30 pm. We have not determined as of yet that we will be making any changes, but we would like the Planning Commission to discuss it for now. (Rich Spiczka, City Administrator)

Planning Commission Direction: Each board and commission has been asked to discuss changing the day of their monthly meetings. Please come to the meeting prepared to discuss changing the day of our monthly meeting from the third Thursday to the fourth Monday.
