**Subject:** Pequot Lakes Welcoming Communities

Hello Nancy and Chris.

I had a chance to meet with Cheryal today so I can finally share our draft proposal with you-

Welcoming Community Advocacy Group: made up of local government, public and private sector organizations, students, nonprofits and/or community organizations  
6 Quarterly Meetings- planned and facilitated by R5DC, with input from the group on topics covered  
Each meeting 2 hours in length, with "homework" in between meetings  
Intercultural Development Inventory Assessments for group and affiliated organizations  
\$3000.00 total fee

If you are able to hold tight, Cheryal is trying to find additional funding to do a few more community groups and Pequot Lakes would be first in line to secure one of these spots.

Looking forward to hearing your thoughts. Have a great day.
