For whom it may concern,

I'm writing this e-mail in regards of the flag of Pequot lakes. I am aware that it was recently adopted, but me and my friends and family have all agreed that it simply doesn't do its job well.

I spend lots of time researching flags of cities, states, and counties and thought that our flag dosnt stand up to flags of other cities, even around the area.

I spent a few hours after school designing a new flag that me and my family all agree is far more representative, cleaner, and overall better at standing as the flag that is flown all around town.

I hope you will take this design into great consideration and will adopt it as the flag of Pequot

lakes.

Sincerely,

Jaeger F. (7th grade, PLMS)
